why do u love me
Can't be my smile or my belly
What u see in me, I've been trying 2 c, cant get to wrap
my mind aound that
really, why do love me
Can't impress with my car
I'm full of shit but u see masterpiece
U always leave me with a smile to freeze

Why do u love me

Chrs:
I know, it's a good time to be in love with u
I'm a careful man
but too careless that I'd ur love
My disregard for rules always gets to you but somehow
u are still here
My lips shall forever remain urs
even when it's lost it's wetness
Dressed to the nine with hair laced with confidence,
she oozes God's gift
She's all mine
