There's a war outside
There's a war outside my friends
There's a war outside,
there's a way outside with out future

Little boy's on his way to school,
got a call that he was nowhere 2 be found

Got the same call the next day
he was found in a dufflebag on the side street

I'm old enough to hold a gun
but far too young to gulp a 40

i'm old enough to shed my clothes
but far to yound to cast a vote

Chrs:
We dont worry about this anymore
too concerned on the Mundane things like my hair
We dont worry about this anymore
too concerned on the mundane thing like my skin

Watch out, we got wolves in sheep clothing
the sheperd attacketh the flock

2 men sitting on the side street
and we worry about what they do on thier bed side

We scream we want WORLD PEACE
but everyone around me is ego tripping

We Scream, we have FREEDOM
But your neighbour is your Gat Damn Enemy

Chrs
we dont worry about this anymore
too concerned on the mundane, like my hair
We dont worry about this anymore
Too concerned on the mundane like my sexual
orientation
