Light,
Give yourself to me
Your son
He looks for thee
On this side of
Truths and dreams
From this room
Of space he screams

Outer Love
Take me in
From beyond the end
To where I begin
I'm just squirming here
I used up all my tricks
I shot everyone
And I did all my clicks
Reach out for me
Give me creed
And let me be
I still belong to you
I'm from your family tree
I've got your tatoos
On the both of my knees
Just take a look at me
And I'll regain the sight
Just sing your song to me
And I'll become alive
For all eternity

Silent Joy
Kill my blues
My laughing role
Never saw your views
It's just a puppet show
Of my anxious slew
The more I laughed along
The more bigger it grew
My heart unscrew
Expand its rooms
Return it new
And take me for a ride

For your trips to surreal
Draw my eyes again
Let my face be revealed
May all my history
Be deformed by your seal
All that I should be
Through you I've already been
And comb her hair tonight
Plant her in your sight
Give us means to fight
This retarded lies
Of happiness retried.
