[Intro]

You just gotta let me be a man, that's all I'm saying...

[First Verse]

She said where the hell you been, first I aint answer,
inda made me mad so I said nowhere, nowhere.
She said what you think this is, come with something
better, try to impress me this time.
Girl it's like you wait up for this drama, I know it's late
but I just don't see the problem,
With a grown man, doing what he wanna do,
So f**k what you're going through, girl.

[Bridge]

Baby, talk to me,
Is there something on your thought that you're not
telling me,
Cause it's hard to breathe,
Witchu all up on my back, you gon make me mad, I
can't see why you don't understand.

[Chorus]

I'm the man, I wear the pants,
Understand that's why I do what I do,
Girl you know I still put you first, and I'll never f**k her,
and that's on my momma,
But sometimes you gotta let your man be, let your man
be, let your man be a man. Sometimes your gotta let
your man be, let your man be, let your man be, a man.

[Verse 2]

Why you keep on bringing up that same old s**t,
Saying you forgive me but you wont let me forget,
How many times I hurt you but,
You acting like a curfew girl, I guess you done lost your
god damn mind.
For once in our lives, can we go a whole day, without us

arguing, girl,
Cause I don't want nobody but you girl, so I'm just
trying to get it right with you girl.

[Bridge]

Baby, talk to me,
Is there something on your thought that you're not
telling me,
Cause it's hard to breathe,
Witchu all up on my back, you gon make me mad, I
can't see why you don't understand.

[Chorus]

I'm the man, I wear the pants,
Understand that's why I do what I do,
Girl you know I still put you first, and I'll never f**k her,
and that's on my momma,
But sometimes you gotta let your man be, let your man
be, let your man be, a man. Sometimes your gotta let
your man be, let your man be, let your man be, a man.
