Hoes in this, hoes in this, hoes in this house
There's some hoes in this house
There's some hoes in this house
There's some hoes in this house
There's some hoes in this house
There's some hoes in this house, house
Hoes in this house
There's some hoes in this house

[Hook]

How you gonn get these bitches goin if they ain't drunk
How you gonn get these bitches rollin if it ain't no thugs
It's some hoes in this house and they just came to get
fucked
Yeah it's some hoes in this house and they just came to
get fucked

I came for the bitches, you came to have fun
I came for a 3 some, you came for a 1
I came for a bitch, that came with a bitch
That came with a bitch that came with 2 bitches
Now I'm fucking all these ratchet rap bitches
Trin got me lean and what the fuck's in it
Presidential kush I'm higher than a senic
Life's too short so I don't smoke midgets
Life's too short so I don't smoke midgets
Shawty you can get it, if you really with the bindess
I can make you go numb, like a motherfuckin dentist
I'm a fuckin menace in the pussy like dennis
Going downtown, delicious

Hold up bro, I think I want your hoe
Eat that pussy why she playing my flaw

Nails in my back while I dig in that cat
Make her come fast every time I go slow
Uh, ironic, I'm the nigga that clear as tonic
The flow so clean no comic
Molly got me feeling bionic
Bu ya, oh yeah, balling, like I got no hair
Goons on deck and they no fair
So like jail I don't think you wanna go there
So bro you better fuck with these bitches
Got my gold on, feeling olympic
Lil mama in the studio right now
Proolly wondering what size this dick is
It's big!

[Hook] x 2
