What if i could tell you how i really feel girl would you
believe it what i say is real i am

So glad i found you that was just by chance chances
like that never ever come around again..

No tell me something about you i can't live without you
without you in my life
i would die she is is my first and last love

she is the only woman that i can depend on

she is she the mother of my children her love is one in
a million i thank heaven for woman in a million

i do the one i am looking for
No need to look no more woman in a million
Would be hard to find another love life darling
You more than just a mother more than
A lover ..
Girl you are a woman in a million ..
And baby you make me feel like the luckiest man
In the world and it feels so good .. and it feels so good
wowowowwww if i could capture
This feeling and put it in a jar .. i would hurry and seal it
...
N put it in your heart .. so we
Can save our love

i promise you babe
You never had to give it (something) i can't explain
.. how much you are to me so i just show you .. cuz
actions always speak louder to me

Tell me something about you
i can't live without you
Without you in my life i will die she
Is she is my first and last love
she is the woman that i can depend on ..
she is the mother of my children .. her love is in a
million ..
the million in a million .. (stuff repeats from
