Chorus:

Uhuu! baby, give me a moment
I'll be ready to ride! oh!
It's like the engine hidden in my car
Got a monster inside,
Hey, oh, oh!

I don't want..

Who the fuck is you?
I'll be like who the fuck is me,
They say who the fuck is you?
... bitch I've got you knew,
That I'm the new selection,
Hard like..
So bitches trying to getting
Where they're feeling like..
Wait! I evolved into a crime mate,
So when I spit his bananas like what I just eat
You don't believe me, so other man stay inside me
I'm like a toy on this paly...
