Put your ass in my .. letâ€™s get comfortable
Shorty take a ride with me tonight
.. friends I can take you everywhere you wanna go
I promise you are gonna have a good time
You know you wanna fuck with a boss fuck with a boss
You donâ€™t even have to ask ..you already know
You know you are fucking with a boss tonight

Put your ass in my .. letâ€™s get comfortable
Shorty take a ride with me tonight
.. friends I can take you everywhere you wanna go
I promise you are gonna have a good time
You know you wanna fuck with a boss fuck with a boss
You donâ€™t even have to ask ..you already know
You know you are fucking with a boss tonight

Tell me acting dumb you know where I am from
I can put you .. come take a ride with me
Anywhere you want anywhere you want
Tell me acting dumb you know where I am from
I can put you .. come take a ride with me
Anywhere you want anywhere you want

Put your ass in my .. letâ€™s get comfortable
Shorty take a ride with me tonight
.. friends I can take you everywhere you wanna go
I promise you are gonna have a good time
You know you wanna fuck with a boss fuck with a boss
You donâ€™t even have to ask ..you already know
You know you are fucking with a boss tonight
