part one

[mos def]

Hey hey, ha ha say what say what

Ha ha bust it yo

Sometimes I feel like I don't have a partner

Sometimes I feel like my only friend

Is the city I live in, is beautiful brooklyn

Long as I live here believe I'm on fire hey

'cause it's the b-the-r-the-o-the-o-k

L-y-n is the place where I stay

The b-the-r-the-o-the-o-k

Best in the world and all usa

It's the b-to-the-r-the-o-the-o-k

L-y-n is the place where I stay

The b-to-the-r-the-o-the-o-k

Place where I rest is on my born day

Bust it, sometimes I sit back and just reflect

Watch the world go by and my thought connect

I think about the time past and the time to come

Reminesce on bed-stuy when I was pride and young

I used to try and come, to the neighborhood function

Throw on my izod, say a little something

When I was just a youngin, before the days of thuggin

How me and charlie chims (aiyyo what?) I'm only

buggin

Fast forward, nine-now I gotta team my seed

I must proceed at god's speed to perform my deed

Livin the now space and time, round the nine to five

For as long as I'm alive, paw I got to strive

I ain't sittin roadside, that ain't harder to plan

I'm out here for my fam doin all that I can

I love my city, sweet and gritty in land to outskirts

Nickname bucktown 'cause we grown to outburst

Philosophy redefine us, touch mines I touch back

Walk the streets like a sweet and get beat like drum

tracks

Catch no shakes over jakes (boomp-boomp!) we bust

back

Bring the marty to your face wit no place to run back

I'm from the slums that created the bass that thump

back

This ain't a game clown, play ya james brown and jump
back
What you want, jack? young cats stash they jums at
Draw they guns back, momma screams where she sons
at
Tryin to hunt that, recurring dream of high stakes
The fourth largest, first artist, brooklyn is the place
Settled by the judge many years ago
Three billion strong and here we go

part two

[mos def]
Good morninnnnnnnnngg vietnam!!!
Ha (back up back up back up back up back
up)*repeated in background*
Yo sometimes I sit back, reflect on the place that I live
at
Unlike any place I ever been at
The home of big gats, deep dish hammer rim caps
Have a mishap, push ya wig back
Where you go to get the fresh trim at
Four on the jake got the timb rack
Blue collars metro carding it
Thugs mobbin it, form partnership
Increase armorment, street pharmacist
Deep consequence, when you seek sleek ornaments
You get caught, rode the white horse and can't get off
Big dogs that trick off just get sent off
They shoebox stash is all they seeds gotta live off
It's real yo but still yo, it's love here
And it's felt by anybody that come here
Out of towners take the train, plane and bus here
Must be something that they really want here
One year as a resident, deeper sentiment
Shoutout "go brooklyn!", they representin it
Sittin on they front stoop sippin guinnesses
Usin native dialect in they sentences
>from the treeline blocks to the tenaments
To the mom & pop local shop menaces
Travel all around the world in great distances
And ain't a place that I know that bear resemblance
That's why we it the planet
Not a borough or a prov, it's our style that's uncalm
>from ? sun? to the ? to the lafayette gardens
White ? coff guawinas? in they army jacket linings
Yo this goes out to my cats in coney isle
Friday night out in front the himalaya goin wild
This goes out to crown heights and smurv village
The nighties, and all my ? yarda trenny? brown's
village

Parkside tenants caught, thirties, forties, and the
fifties
The cats out in starite city gettin busy
To the hook, to the east, to the stuy
Bushwick and kanarcy, farraget, fullgreen, and marcy
My flatbush posse, generals of armies
When it's time to form, just call me
And let this song be, playin loud in long b
If you love bucktown strongly!
Raise it up!

part three

[mos def]
Brooklyn my habitat, the place where it happen at
Live sway and the sharp balance of the battle axe
Irons is brandished at, thugs draw they hammer back
It's where you find the news tool crew cameras at
It's where my fam is at, summertime jame is at
They play big and get you open like a sandal back
Hotter than candle wax, hustlin you can't relax
The crack babies tryin to find where they mama's at
It's off the handle black, wit big police scandals that
Turn into actions screenplays sold to miramax
The type of place where they check your appearance at
And cats who know where all the high low gear is at
The stompin grounds, where you find a pound, smoke
is that
Be blazin charm that have your wave cap floatin back
The doorstep where the dispossessed posted at
Dope fiends out at franklin ave sellin zovarax
You big ballin better keep your money folded back
'cause once the young guns notice that it's over, black
Brooklyn keep on takin it, worldwide we known for that
Flossy cats get it snatched like the local tax
The place I sharpen up my baritone vocals at
Where one of the greatest mc's was a local cat
