For all my fam, all area crew (AOWWWWWWWWW)  
Yeah mon!!

Yes, the first cut should be the deepest  
to penetrate beyond the muscle wall's inner regions  
First you was icin me, connect with the starin at the  
speakers  
Heard the rhyme, head high, what ya starin at ya  
sneakers  
You shy now, got a lot of things on your mind now  
You don't feel fly now, you huntin the exit sign down  
Fuck what you heard, cause I snatch the grapevine  
down (yea yeah)  
Don't understand how I ran the line down, rewind now

*[Busta Rhymes]*

YO!! We be the most magnetic, so athletic  
Leave your peeps on the side so they can watch you  
and your mans get it  
Take the arch rivalry stance up on the podium  
And give the flavor to niggaz but keep it low on sodium  
Possess shit that got you wonderin how we holdin em  
Things that'll lay you out like a piece of linoleum  
Bring who-ever you want, we bout to bug son and  
bounce  
down to Henry Hudson, after I bust one!
