[mos def]

Ha ha, said the world world world famous

Said wa wa wa wa world world world famous

Said wa wa wa wa world world world famous

Said the world premier, who's standin here

I'll let you know

Flow so diligently (mos def)

I make it sound so differently (mos def)

Me and sean j. both willing to be considerably

Shine like a good feeling to me

To all my people all originally all from brooklyn shows

Give the party people what they lookin for

And it's lookin mo' bright, my game mo' tight

Said it's alright, alright, I said this all night

Rockin all night, all night, we rockin all night

All my people in brooklyn, show yo' respect

All my people in qb, show yo' respect

Flex mix this, mos kick this, now you gon' get this

Handlin the business

>from here on to the city limits

Them other cats sounded unfinished

But let me jump in it, I rump wit it, I thump in it

I got the sean j. jump in it

Accompanied by what be fly, speakin candidly, me and
my family

Is doin very outstandidly, it ain't nuttin but a jam to me

It's just my man and me

And that's the f-u-n-k-m-a-s-t-e-r

Flexin it, respectin it, make the honey dolls get
affectionate

I'm in your section wit de womp de womp de womp de
de womp womp

World, world world famous, we ain't nameless

Yo you know this jam it be bumpin in the foreign lands

And all your mans be like "yo, damn!"

Tap yo' hands and raise yo' hands up high
