Shatter, shatter

Believe when I tell you I never meant to break your  
heart

May God pick up the pieces of dreams that fall apart

Forgive me and forget me, make a brand new start

Don't blink your eyes and say goodbye

I know, you know, I know, you know that love is danger

Criminal minded, gangster of love

Charms in your arms, your gun is wild warm

Worn, bang bang, shoot 'em up

Tips in your clip, click clack, use 'em up

Bad intentions and a very good shot

X marks the spot where you cross the heart

Candlelight vigil on my memory block

Commemorate the date where the bomb got dropped

Love, steady war no more

Put your weapon away, quit collecting the slain

She said, "You're right, I don't wanna fight

I just like the fire and the flashing lights"

Believe me when I tell you I never meant to break your  
heart

May God pick up the pieces of dreams that fall apart

Forgive me and forget me, make a brand new start

Don't blink your eyes and say goodbye

I know, you know that I know, you know that love is  
danger

If you are to fall in love

Then where should you stand to begin with?

And when the falling's done

How bad should you plan to get injured?

And if you land on your feet

Do it count as a fall or a jump?

And do it feel like a fall when the hands that pushed  
you

Were holding you up?

Close encounter, got you wide open  
Heartache got your boom box going  
Music and vocals, lonely and soulful  
You're back in the scene where your sweet dreams are  
so true

Believe me when I tell you I never meant to break your  
heart  
May God pick up the pieces of dreams that fall apart  
Forgive me and forget me, make a brand new start  
Don't blink your eyes and say goodbye  
'Cause I know, you know that I know, you know what  
love is

Cowboys and girls, oh baby  
I remember when we used to play  
Cowboys and girls, oh baby  
I remember when we used to play  
Cowboys and girls, oh baby  
I remember when we used to play

Cowboys and girls, shoot 'em up, bang bang  
Shatter, shatter, cowboys and girls  
Shoot 'em up, bang bang  
We at the movies and you're a star, get down
