Hey, top priority

Peace before everything
God before anything
Love before anything
Real before everything

Home before anyplace
Shoot before anything
Style and state radiate
Love power slay the hate

Truth killer, flakey face
Players say it to they face
Ain't afraid to major straight
Race at the table straight

Flow greatest like the greatest lakes
Capes all greatest states
Quiet water major waves

Steer the course make a way
And come ashore on a greater day
Home grown from the greatest grain
Full flavor in the native strain

Now put that on your brainy brain

Full exposure to favorite slang
Minimal wage and major gangs
Y'all seen them play the bait
Later night from day to day they came to play
We came to stay get out the way

Biotch sons buy heat rocks
Brooklyn finest, preservation to beat box
[Incomprehensible] detox
When we rock the people [Incomprehensible] priority

Peace before anything
God before everything
Love before anything

Real before everything

Home before anyplace

Shoot before anything

Style and state radiate

Love power slay the hate, priority

Love power
