*[Intro]*

Bismillah ir Rhman ir Raheem  
Def on the speak  
Epic on the beat

*[Verse 1]*

Champion chronicle, M Def remarkable  
A breeze through the street  
Like the most potent ganja fume  
The non-stoppable 'A' article arsenal  
True legendary Zulu Johnny stomper dude  
Held responsible, bright, black, phenomenal  
M mastered the magical, ceremony classical  
Black hand touch the intangible, strong hold  
And get \*'em all\* with or without the barcode  
Y'all know, who stay frontin' like y'all don't  
Stay gone, brother stay home keep the K close  
At the crime court keep a case low  
Flaco got to keep \*a face\* though  
Baby, make no mistake about it  
I remember them days without it  
Vibrated a major wattage  
My gate safe and solid  
My flow translate to major dollars  
New ways and options  
New days new plagues and problems  
News page all the rave about him  
"It's so good, so hood, nothin' changed about him"  
You know...

*[Chorus]*

It just gets better with time  
It's like a greater later winner eve-ry time  
I got the will and the skill  
That the building can't kill, that's real  
Who that? The Undeniable

True that, the most incredible  
Your M deffer, the Undeniable

*[Verse 2]*

Cool ways are the sake of my time

I get paid even if they don't pay me no mind, you  
know...  
The days and times be frustrating the mind  
They youngbloods  
But discover such danger they shine, its so...  
Necessary that I come with the raw  
The magnetic, the sure, the most magical pure, \*G  
Bank\*...  
So bear witness to the actual fact  
It's no trick or a magical act  
Supernatural black, Dante this exclusively style  
Spread love baby move it around  
You know...

*[Chorus]*

It just gettin better with time  
It's like a greater later winner eve-ry time  
I got the will and the skill  
That the building can't kill, that's real  
Who that? The Undeniable  
True that, the most incredible  
Your M deffer, the Undeniable

*[Outro]*

Ture Magic  
True Magic  
True Magic  
Magic...

Bank...(shh shh shh...)  
It just gettin better with time...  
I got the will and the skill...  
That's real...  
The Undeniable...
