When I was a very young girl
I had a way with men
When I found the ones I wanted
I convinced 'em all by bein' a man not the girl I am
The last one ha
I sang him a song
That came
From Russia
With 40 love
Courtesy of Dmitry Tursunov

As a young girl
I met a beautiful man
Who made me realize
All I wanted
Was right in my hands
He told me
He guided me
In the right direction
As he spoke to me
It became clear
An hour later
He wanted more

Like a man I made the first move on him
He liked it when I forced my way right onto him
As I turned my cheek
He made me go weak
I felt the fire deep inside of me
The voice of a girl

She said
You got it babe
You want it babe
You got it babe
You got it babe
You want it babe
You got it babe

You got it babe
It's a pleasant surprise
Now honey baby please close your eyes

I may be young but I know what I'm doin'

I said

You got it babe

You want it babe

I betcha don't know what to do

With a girl like me

You see a girl like me

Is the only girl who's ever gonna please you right

So do what I say

And follow my lead

It's a pleasant surprise

This feeling

That you'd ever ever like a girl

It's a pleasant surprise

This feeling

I can be whoever you want me to be

It's a pleasant surprise

This feeling

A song of mine

From Russia with 40 love

It's a pleasant surprise

This feeling

That you fell into my world

She said

You got it babe

You want it babe

You got it babe oh

You got it babe

You want it babe

You got it babe

Like a man I bossed around my way with him

He liked it whenever I forced him to do my deeds

As I pleased him

It scared him

He said you're like a man

But I heard it in you

The voice of a girl

I said

You got it babe

You want it babe

You got it babe

You got it babe

You want it babe

You got it babe

You got it babe

It's a pleasant surprise

Now honey baby please close your eyes
I may be young but I know what I'm doin

I said
You got it babe
You want it babe
I betcha don't know what to do
With a girl like me
You see a girl like me
Is the only girl who's ever gonna please you right
So do what I say
And follow my lead oh

It's a pleasant surprise
This feeling
That you fell into my world
It's a pleasant surprise
This feeling
I can be whoever you want me to be
It's a pleasant surprise
This feeling
A song of mine
From Russia with 40 love
It's a pleasant surprise
This feeling
That you'd ever ever like a girl

And I can be anyone you want me to be
A man, girl or my impulsive side
Have faith in me
Don't ever cheat on me
It's your demise
Never again will you have a wandering eye
Lean back a little bit
You could say I'm a pleasant surprise
I'm just like a man
