There is so much time left to dream  
and so much time to make it real  
I know you asked  
and now I'm here at last.  
It's what you wanted to want.  
It's where you wanted to go.  
It's who you wanted to be.  
And please don't forget me  
you and me and our past  
And as you look ahead  
be sure to look back  
But don't say that you  
can't see  
can't see me.  
I'm here I'm here  
with you  
always  
Don't walk away.  
Don't leave me here  
It is with you that I go.  
Look both ways and you'll  
see you'll see  
that in you there is me.  
And when you reach  
you reach but there's nothing there  
I'm here. I'll reach  
too. Together we'll  
get there.  
Together you and I  
together. If you  
see me you know I'm  
there. If you'll be  
me, you'll know what  
face I'll wear.  
And when you fall,  
I'll catch you.  
As you walk the hall,  
listen to my footsteps right  
besides yours.  
I'm there.  
I'm there with you.  
Right beside you

always  
Right beside you  
Always beside you
