She knows what I'm thinking before I speak. She makes
me out like a psycho-
stalking freak. She's got a gun. I know, I've got one too.
She's got a gun. I
know, I've got one too. She knows what I'm feeling and
what I'm not. I say I'm
healing and she says I'm stealing and caught. She
thinks I'm crazy for
thinking it's meant to be. Well, I picked her pocket and
she paved the rocket
for free. Free. Spacey Stacey, it is true? Spacey Stacey,
do I love you? Yay!
Another casualty. It's a mystery. Yay! I'm history. Hey I
think I'm Spacey
Stacey , free! Spacey Stacey, is it true? "Spacey Stacey
never loved you."
