[Verse 1]

I was lost in the dark, like a Film Noir (Film Noir)
Picture a night sky thats filled with no stars, only clouds
Sorry for the showers, but I promise, once it falls, to the
ground
I'mma heal your scar, fears like the lion from oz
I over came, when she came to my side
Combine Venus with Mars (With mars)
Never thought I fall in the dream as deep as ours
She's a queen, suited for the Kings and Czars
for her I sing, even when my voice is hoarse, she said
The choice is yours, reach for the ceiling, avoid the
floor
Then she lifts me, up in the air, see in the city
with a thousand miles stare and the night lights
Her beauty and I'm here, she right there with me
And I don't care about a thing, when we're together
forever
It's right here (Yeah)

(Yeah)

[Chorus]

I'm right here (Right here)
Right where I'm suppose to be (Yeah)
I ain't going nowhere, till they notice me
No sleep, living my dream it's a fact
So deep in my destiny, I can't go back

I'm right here
Right where I'm suppose to be (Yeah)
I aint going no where, till they notice me
No sleep, living my dream it's a fact
So deep in my destiny, I can't go back (Go back, go
back)

[Verse 2]

I'm moving fast, and I don't have to worry about the
rest
Built a path, with the passion that is buried in my chest
At last my destiny, caught up with the rest of me
and every, obstacle is just another test
Or a step that I climb, when I'm trying to touch the sky

It's ironic, I'm afraid of heights, but still I got to fly
So I'm gone, but I'm coming back, you don't have to cry
And the last time we spoke, it's like a broken record in
my mind
I'm checking for your shine, I respect your grind
Every time that we connect, I see the future in your
eyes
Never be surprise, everything you ever dream, could
be reality
As long you ain't counting on them sheep, bringing out
of me
Deep from the depths of my anatomy,
I had to be, what I have become, because its me
Said I had to be, what I have become, because its me
Now I'm free (Free)

(Yeah)

[Chorus]

I'm right here (Right here)
Right where I'm suppose to be (Yeah)
I ain't going nowhere, till they notice me
No sleep, living my dream it's a fact
So deep in my destiny, I can't go back

I'm right here
Right where I'm suppose to be (Yeah)
I aint going no where, till they notice me
No sleep, living my dream it's a fact
So deep in my destiny, I can't go back (Go back, go
back)
