

## Kaz-Well "Take Me Home"

Visit "[Take Me Home](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Aye, aye, aye  
Engineer told me to lay back on the beat  
Ha-ha, Ha-ha  
I heard that, Okay  
Yeah, yeah

[Verse 1]

Yo, I came through the door  
Like the mother lurking cable guy  
(Yeah)  
Puffin on a cloud, looking down  
Watching angels fly  
Sound like a way to die  
No regrets, no guilt  
Only feeling like  
Man, I was made to fly  
Cats they hating my aura, Cause the way I shine  
And I got no time for em, I LeBron  
When I score Â'em, Three points off the backboard  
Hands up bragging  
Like I slide through the back door  
Crack jaws on the prom king, you're so popular  
I give a buck about the tops you dropping down  
Riding around town in your brand new car  
Not an A&R, but I found you a star  
No astrology, rock hard  
No apologies  
Till father pull the oxygen up out of me  
Please let me be, for about 7 decades  
After that IÂ'll promise  
IÂ'll stomp through heavens gate  
So fresh, like the pine in the Everglades  
Blades of a white chariot, forget a Escalade...  
(Nah, we donÂ't need that)

[Chorus]

Take me home...  
Take me home ...  
(Yeah)  
To the place I know  
(Take, take me home)  
Take me home...  
Take me home ...

(I see it)  
To the place I know  
(Yeah, yeah)

[Verse 2]

Told you before I'm not a mark, not a target  
Pulling up in my bucket, I leave it where I parked it  
Buck it, tickets all fitted right between  
The windshield wipers  
And the windows not clean  
(Ugh)  
And my pockets still lean  
But hey, I live my dream  
No sleep, so deep  
Think Iâ€™m sinking in my dreams  
And I donâ€™t mean Evisu  
I mean my people  
Code of Samurai  
See the path like we do  
Go tell Kode Ice  
It can't be done  
Man, his fingertips are burning  
Cause heâ€™s reaching for the sun  
All the things I learn from the thieves on the run  
Taught me to be free  
Don't believe all the non-  
Sense and this precipice that I hang of is  
Evidence were not cut from the same cloth  
(Nah)  
Iâ€™m a strange kind, but at the same time  
Feel all people, like your pain is mine  
(Yes)  
So please drive slow, in the school zone kids  
Know what I mean, keep cool  
Donâ€™t lose it...  
(Nah, nah)

[Chorus]

Take me home...  
Take me home ...  
To the place I know  
(Take, take me home)  
Take me home...  
Take me home ...  
To the place I know

(Aye, aye)  
(Aye)

[Verse 3]

Hey, let me get a raise

Cause IÂ'm on my job  
And IÂ'm clean with the rhyme  
And IÂ'm not no slob  
So you corn on the cobs, need butter  
Me like no other  
Keep trimming fat, like a meat cutter  
See, other motherfuckers think its okay  
To throw hate, at Kaz-well...  
(What?)  
They donÂ't even know me, go play else where  
This is my sandbox  
I see you're not the brightest color in the crayon box  
Keys to Pandora's box, unlock the secrets  
So keep it  
Till people see it, believe it  
Burn purple trees from Eden  
Panorama vision, I have it  
I see it, I grab it  
I breathe it  
Still put it in the air  
Air so dirty, still people donÂ't really care  
Seals and the polar bears do  
Penguins too, all hate you  
Cause you in your H-2  
(H-2)  
Well peep your rims, don't age like you  
So make sure your keep  
Spinning, after they do okay?  
(Okay)  
(Aye, aye)  
(Yeah, yo)

[Chorus]  
Take me home...  
Take me home ...  
(Yeah)  
To the place I know  
(Take, take me home)  
Take me home...  
Take me home ...  
To the place I know
