Yeah man, I'm a 80 babies
Throw me back, all the way
Lacoste izod shirts, yes
Jordan Two's, Three's, Four's
Yes, the Five's
With the silver tongue (I like that)
That's my ish.. Right there
Come on, come on
(Yeah, yea, yeah, yeah)

[Verse 1]

Yo, of course I had to jack the beat
First time I heard the track
Thought it sort of felt like Middle School
Man, it brought me back
Cool, I got an offer that I can't refuse...
She's like here's my number, better call me after
school
And if you don't hit me up, I'mma be pissed off
I said I'm dyslexic, I might see the digits criss crossed
Just kidding girl, fast forward now we holding hands
Tag my name on her binder
So they know that I'm her man!
Sipping Coca Cola, Motorola pager
1
4
3
Just to let her know, that you the only one for me
And when she cuddle with me, everything is fine
I don't even think about time
See I just let it pass
I had to write a rhyme about the way she laughs
Try to pass it back, then the teacher caught me
Read it to the class
Sent me to the office with a hall pass
And as I walk down the hall, All I thought about was you
(You)
In the beanery line, trying to buy a bag of chip
Saw her rocking Jordan Four's, like on some fly ish..
Straight bragging like that's my chick!!!
And when I'm sick, I feel better when I see you
Like that's my fix!!!

[Chorus]

Your my girl your my honey, your my one and only
Everybody tells me one day, your gonna leave me
lonely
But I say that's bologna, better save it for the birds
When I see next time girl
I Got Three Words...

Your my girl your my honey, your my one and only
Everybody tells me one day, your gonna leave me
lonely
But I say that's bologna, better save it for the birds
When I see next time girl
I Got Three Words...

[Verse 2]

I said I love you, I love you too
I love you more...
This goes on for couple hours
While we walking to the corner store
Cop some Sour Power and some Now & Later
Haters try to tell us, that we will never last
They just try to make us angry
They don't really understand, how our love is crazy
It'll never end, you're my best friend
To the very end
Tell your friends, I'ma marry him
They just share your grin
Smiling
Feeling isolating, like an island
As if, I'm in...
A movie and the spotlight is shining on me
Cause I realize, it's truly on me...
To let you know, I can't live without you
Never let you go, I get a little jealous
When you're gone, I won't sweat you though
By the way...
You left you pager in your Guess Jeans
As I hand it to her, it started vibrating
So I check the screen...
And my eyes would never believe
It read ...
1
4
3
And it's not from me (Oh No!!!)

[Chorus]

Your my girl your my honey, your my one and only
Everybody tells me one day, your gonna leave me

lonely

But I say that's bologna, better save it for the birds
When I see next time girl
I Got Three Words...

Your my girl your my honey, your my one and only
Everybody tells me one day, your gonna leave me
lonely
But I say that's bologna, better save it for the birds
When I see next time girl
I Got Three Words...

[Verse 3]

I say I hate you (I hate you)
Why you got to go and break my heart in two
I was true to you, when you were messing with some
Other dude..
Cutting school with him and ridding bikes too
Swearing everything, I'll never find another like you
I don't even understand, when we were holding
hands
You promise me forever ever, I would be your only man
Now you got a new man, why you gotta hurt me for?
He don't got a pager girl?
He don't got the Jordan Four's???
He tells me that he loves me, treats me more gooder
And that's the way
You should of, could of, would of
But you didn't...
So I'm gone and I'm sorry
Said I'm sorry too...
Maybe I'll see you some day, when we up in High
School?
Should of knew, she was going to leave me lonely
Forgotten Tender Roni
Man, everybody told me and it came true
(True, true)
So what's a boy to do?
I try to write a poem
And this poem for you...
It goes roses are red and violets are blue
Like me, like me
And I don't know, what to do
Without you, I'm so sick..
I can't breathe, take me back please
Girl, you can't leave....

[Chorus 3]

Your my girl your my honey, your my one and only
Everybody tells me one day, your gonna leave me

lonely

But I say that's bologna, better save it for the birds

When I see next time girl

I Got Three Words...

You're my girl, you're my honey...

You're my girl, you're my honey...

You're my girl, you're my honey...
