Reality

I have a picture of you in my head
But that's nothing
Compared to the real thing
In my head
I can't smell your cologne
In my head
I can't feel your touch
In my head
I don't blush when you smile at me
In my head
You're not really there

Chorus

In reality
Your eyes glisten
Your smile pulls me closer
In reality
When you touch me
A tingle shoots up my spine
In reality
I like you
And I don't care what you think

I just wish
That we could be
Together
I just wish
That you would feel
The same as I do
I just wish
That the fantasies
In my head
Would become reality
Reality

Chorus

My feelings
Are like nothing I've ever felt
It's not that weak

It's not that strong
It's in between
It's not that calm
It's not obsession
It's in between
When it comes to reality
It gets
Confusing

Chorus

Reality pulls you closer
Reality pulls you farther
Reality pushes you away
Reality is here to stay
Reality
