Visit "[Time Fades \(to Nothing\)](#)" on MotoLyrics.com

Listen Do You Hear That
Silence All Around You
Worldly Worries Drifting By
Sitting Here Together

This Is Pure And Simple
Life At It's Best
Time Fades To Nothing
Sitting Here Together

No Other Place That I Would Be
Than Sitting Here Just You And Me
Away From This World
In Each Other's Company

Look At The Crimson Sky Now
The Day Begins To Fade
The Curtain Is Falling
On Today

Sitting In This Clearing
I Forget My Troubles
At Least For A Time
See You Again Soon

No Other Place That I Would Be
Than Sitting Here Just You And Me
Away From This World
In Each Other's Company

Time Fades To Nothing
Sitting Here Together
Time Fades To Nothing
Sitting Here Together
Time Fades To Nothing
Sitting Here Together
Time Fades To Nothing
Sitting Here Together
