Weeks disappear like five pound notes...  
Like five pound notes...  
Like five pound notes...  
Weeks disappear like five pound notes...  
Like five pound notes...  
Like five pound notes...

As I walk in the shadows of all you have to give  
There's an obvious plan that I don't know  
I'd be lying if I said I'm not scared of it all  
My mortality is ringing in my head

It's like rain on my head, and it's pouring away  
I touch the Earth as I run, but it's rolling away

Weeks disappear then smiles take over  
Smiles take over, smiles turn over  
Drops of the sun where we had dreams  
We had dreams, we had dreams  
It's an automatic feeling, planning way ahead  
Come one, let's get it on, let's make it count today

It's like rain on my head, and it's pouring away  
I touch the grass as I run, but it's slipping away  
It's like rain on my face, and the tears wash away  
I'll Reach the sun if I stretch but it's going down

(Instrumental)

It's like rain on my head, and it's pouring away  
I touch the Earth as I run, but it's rolling away  
It's like rain on my face, and the tears wash away  
I'll Reach the sun if I stretch but it's going down

Weeks disappear like five pound notes...  
Like five pound notes...  
Like five pound notes...  
Weeks disappear like five pound notes...  
Like five pound notes...  
Like five pound notes...
