

Mostly Autumn

"Half The Mountain"

Visit "[Half The Mountain](#)" on MotoLyrics.com

Half the mountain shines
Half the water shines

But all of my heart
Is burning slowly
All of my heart
Is burning quietly

Half the raincloud
Falls
Half the thunder
Rolls

But all of my heart
Is burning slowly
All of my heart

Is burning quietly
All of my heart is missing you

The woman inside me has gone
And the night falls cold

But all of my heart is burning slowly
But all of my heart is burning quietly
All of my heart is missing you
