Sat alone on all these lands,
They'll be plays on the hill, they'll be laughter in the
halls.
And I know it's all because of her, I open my eyes to
love.
Say it's a lie, so a lie, and I dreamed of birds in the
saving sky.
And they showed me the way and I followed away,
follow today.

Please, take the hand off this raggedly heart,
Every day, as we run side by side.

Underneath the tallest trees,
Through the years and through our life.
Inside, you know it's true, you know it's true, you know
it's true.

Please, take the hand off this raggedly heart,
Every day, as we run side by side.

I follow the line deep in the spell,
Right to the day they'll give us away.

Please, take the chains from this ragged hearts,
At peace for the
World that we make, we will never forget.
Follow me down to the bottom,
I'll show you the rest of my life,
In this muse be released.
