"Destruction To The Throne Of God"

Renounce the putrid
Body of christ
The one condemned
To wear a crown of thorns

Praise be given
to the great Black Goat
Faceless one
that walks in the night

Fires forever burn
in the heavens
Our war on humanity
has just begun

Fall of the angels - Rape the virg in pure
Evil of Ancients
Fall of the angels - god's death has come
In Nomine Satanus

Show thy will
unto the world
Smite the herd
with hammer and claw

Hold high the sign
of Satan
Through hell we are
the unholy ones

Bring forth the pestilence
of a thousand young
And destroy
the holy cross

Fall of the angels - Heaven still bleeds
Summon the demons
Fall of the angels - Fires still burn
Rege Satanus

Death shall come
to those that follow the light

Do as thy wilt
shall be the whole of the law

Fall of the angels
War has been won
Slaughtered holiness
Destruction to the throne of god

Unholy massacre
of evil enthroned
God is dead
and so it is done
