I heard the rumours from London to California  
You taking shots on my name I put it on ya'  
I'm a veteran, got the upper hand  
10 years on the top ain't you been following?

Ready or not here I come  
I'ma kick down the door better ring the alarm  
Like we-oh we-oh oh ohh  
Better back up I'm about to blow

Gimmie Gimmie more-e-e-e pressure  
That pressure  
Gimmie Gimmie more-e-e-e pressure  
That pressure  
I need the pressure pump up my tyre  
Even your rain cant put out my fire  
Gimmie Gimmie more-e-e-e pressure that pressure

You try to label me I ain't gonna worry  
I'm the original not the generic  
I'm a graduate,  
You a college kid  
I wrote the book on the game that you been studying

Ready or not here I come  
I bet you missin my voice on them records you on  
Like we-oh we-oh oh ohh  
Better back up I'm about to blow

Gimmie Gimmie more-e-e-e pressure (hey)  
That pressure (pressure)  
Gimmie Gimmie more-e-e-e pressure (more)  
That pressure  
I need the pressure pump up my tyre (yea)  
Even your rain cant put out my fire (put out my fire)

Gimmie Gimmie more-e-e-e pressure (more, more)

That pressure

Ho-ohhh (oh oh oh-oh)  
You need the flow you know that I got it

No no no (oh oh oh-oh)  
Put me on the beat, yea you know I'm gonna ride it

Even though I'm sending out this song  
I don't want nobody to take this wrong  
Coz after everything is said and done  
All the drama only makes me  
Stronger, wiser, so much better  
I can only laugh about it go on bring the pressure

Gimmie Gimmie more-e-e-e pressure (oh-ohh)  
That pressure (pressure)  
Gimmie Gimmie more-e-e-e pressure (more)  
That pressure  
I need the pressure pump up my tyre (pump up)  
Even your rain cant put out my fire (put out my fire)  
Gimmie Gimmie more-e-e-e pressure (more oh-oh)  
That pressure (hey)

Pressure, Pressure  
Moreeeeeee yea-e-yea

Gimmie Gimmie more-e-e-e pressure (tyre, put out my  
fire)  
That pressure  
Gimmie Gimmie more-e-e-e pressure (more ho-oh)  
That pressure  
Gimmie Gimmie more-e-e-e pressure  
That pressure  
Gimmie Gimmie more-e-e-e pressure  
That pressure
