ohh yeah. hey.
mmmhh oooh.

i never felt this way before the ceilings looking like the floor, don't know wich way is up anymore &+ you.
baby its because of you. boy im so in love its true. you got me thinking.

just for a moment i wanna be yours. the one that your down for, down for, don't you wanna be mine. just for a moment. baby just hold me, hold me, don't you wanna be mine, mine, mine, mine, mine. forever baby. mine, mine, mine,
mine, mine. don't you wanna be mine, mine, mine, mine, mine. whatever it takes, il find a way for you to be mine.

my heart has never felt so free, its surfaced cos your lovin me. im falling off the edge for the first time, im never gonna hit the ground. gravity cant touch me now. you got me thinking.

just for a moment i wanna be yours. the one that your down for, down for, don't you wanna be mine. just for a moment. baby just hold me, hold me, don't you wanna be mine, mine, mine, mine, mine. forever baby. mine, mine, mine,
mine, mine. don't you wanna be mine, mine, mine, mine, mine. whatever it takes, il find a way for you to be mine.
