Sometimes we love it, yeah sometimes no  
Sometimes I just wanna, uh, yeah, yeah  
Sometimes we love it, yeah sometimes no  
Sometimes I just wanna, uh!

They burn soaked in gasoline, it can burn me down  
They burn soaked in gasoline, what happens now?  
All the feds, all the police,  
They see the smoke, but we like the heat  
They burn soaked in gasoline,  
But we won't back down!

..pull on the trigger  
But I won't run,  
If these are the bullets,  
This love's the killer!

Hook:  
We bring the fire, light it up,  
Wherever we go, wherever we go!  
We bring the fire, light it up,  
Wherever we go, wherever we go!  
I know we don't always agree  
But I believe this how it should be.  
We bring the fire, light it up,  
Wherever we go, wherever we go!

Sometimes we love it, yeah sometimes no  
Sometimes I just wanna, uh, yeah, yeah  
Sometimes we love it, yeah sometimes no  
Sometimes I just wanna, uh!

Dark sky, baby, look at lights, yeah  
But don't slow down!  
I'mma go in full speed, looking like a dead end  
What happens now?  
All the feds, all the police,  
They see the smoke, but we're like the heat  
Go on, baby leave them, leave them in the dust!

..pull on the trigger

But I won't run,  
If these are the bullets, this love's a killer!

Hook:

We bring the fire, light it up,  
Wherever we go, wherever we go!  
We bring the fire, light it up,  
Wherever we go, wherever we go!  
I know we don't always agree  
But I believe this how it should be.  
We bring the fire, light it up,  
Wherever we go, wherever we go!

Sometimes we love it, yeah sometimes no  
Sometimes I just wanna, uh, yeah, yeah  
Sometimes we love it, yeah sometimes no  
Sometimes I just wanna, uh!  
Fire, fire, fire  
On the fire, fire, fire  
You're on fire!  
They burn soaked in gasoline, gasoline, gasoline!

Hook:

We bring the fire, light it up,  
Wherever we go, wherever we go!  
We bring the fire, light it up,  
Wherever we go, wherever we go!  
I know we don't always agree  
But I believe this how it should be.  
We bring the fire, light it up,  
Wherever we go, wherever we go!

Sometimes we love it, yeah sometimes no  
Sometimes I just wanna, uh, yeah, yeah  
Sometimes we love it, yeah sometimes no  
Sometimes I just wanna, uh!
