Oh, oh, oho, oho, oho, e-oh, e-oh,  
Oh, oh, oho, oho, oho, e-oh, e-oh,

It feels like a birthday, say yeah  
Still you tryina make out  
Life is what you make it, yeah, yeah, yeah, yeah  
This is for the ones just, sitting there  
Get up on your feet and, in the air  
I know, know you feel it,  
Yeah, yeah, yeah, yeah

Dont fight it, dont deny it  
Oho, oho, e-oh, e-oh,  
Dont fight it, youre invited,  
Oho, oho, e-oh, e-oh,  
Theres no time to be playing around  
Better go all the way  
Or just dont do it at all  
Feel like you lost your mind  
Like theres no one around  
This is no limits right now  
Get on, get on, go harder, go harder

[Chorus]

I wanna see you knock yourself out  
I wanna see you knock yourself out  
Knock yourself out, knock yourself out  
Knock yourself out  
I wanna see you knock yourself out  
I wanna see you knock yourself out  
Knock yourself out, knock yourself out  
Knock yourself out

Were going for amazing, yeah, yeah  
And if you hesitating, yeah, yeah  
You cant give me a reason  
Yeah, yeah, yeah, yeah, yeah, yeah  
Cause this is human nature, yeah, yeah  
Another solar system, yeah, yeah  
Well understand what Im
