Nobody loves me like you
Nobody loves me
Nobody loves me like you
Nobody loves me like

I'm not pessimistic
I'm just so sick without you
I should let you be on your way
But I'm not there and I'm not gettin'
Nowhere

Drink, smoke, heartbroke.
Look what you do to me.
I cry for nobody.
My tears, I fear
Might be my destiny.
Why don't you rescue me
Rescue me

It's true
Nobody loves me
Nobody loves me the way you do
It's true
Nobody loves me
Nobody loves me no, not like you

Nobody loves me like you
Nobody loves me
Nobody loves me like you
Nobody loves me like you

How far will you take this?
How long will you, will you parade with your mask on?
I know you're playing a game
But it's not fair
And I'm not getting nowhere

Drink, smoke, heartbroke.
Look what you do to me.
I cry for nobody.
My tears, I fear

Might be my destiny.
Why don't you rescue me
Rescue me

It's true
Nobody loves me
Nobody loves me the way you do
It's true
Nobody loves me
Nobody loves me no, not like you

Nobody loves me like you
Nobody loves me
Nobody loves me like you
Nobody loves me like you

Nobody loves like you
No other kiss will do
Just say you need me to
Tell me baby

Nobody loves like you
There's just no use
Smiling and posing
It's all for nothing

It's true
Nobody loves me
Nobody loves me the way you do
It's true
Nobody loves me
Nobody loves me no, not like you

Nobody loves me like you
Nobody loves me
Nobody loves me like you
Nobody loves me like you
