Intense, emotional violence  
These words got to us to  
Now, now  
Bastards, used to make sense  
Now nothing not enough

Now, now

There's got to be another way, another way  
Just give me one reason and I will stay  
Another day and baby one day  
We'll be laughing about the time  
When I tried to go down that road  
Had to come right back 'cause I needed you badly  
Had to hurry right back, I know you're the one for me  
No way, no, I won't find another one  
Gotta make it work  
No way, no, I won't find another one  
So I had to make a U turn, turn  
Yeah, I had to make a U turn, turn

Speechless, there's nothing to say, yeah  
Just show me that you love me now, now  
Just show me that you love me  
Show me that you love me now  
I bet all the issues got left  
Start a fire and bring the whole house down  
Get out, get out

There's got to be another way, another way  
Just give me one reason and I will stay  
Another day and baby one day  
We'll be laughing about the time  
When I tried to go down that road  
Had to come right back 'cause I needed you badly  
Had to hurry right back, I know you're the one for me  
No way, no, I won't find another one  
Gotta make it work  
No way, no, I won't find another one  
So I had to make a U turn, turn  
Yeah, I had to make a U turn, turn

Goodbye is the sweetest lie  
Have to go back in the sky  
Going fast but never get far  
When I'm trying to get down that road  
Had to come right back 'cause I needed you badly  
Had to hurry right back, I know you're the one for me  
No way, no, I won't find another one  
Gotta make it work  
No way, no, I won't find another one  
So I had to make a U turn, turn  
Yeah, I had to make a U turn, turn
