When the moon arises on the western sky
and the vampires are out on the sly
at times they have trouble finding necks to bite
that's why I cook up in my roon tonight...
My riboflavin flavored, non-carbonated,
polyunsaturated blood
(her riboflavin flavored, non-carbonated,
polyunsaturated blood)
Drac came to me one night at 12
and said the blood bank had no blood on the shelf
I exclaimed 'don't fret!' i'll give you on fix
of my newly regenerated mix
I gave him riboflavin flavored, non-carbonated,
polyunsaturated blood
-she gave him riboflavin flavored, non-carbonated,
polyunsaturated
blood-

It gives you quick relief you see
from fang aches and corpusle deficiency
Natter! consuming my laboratory brew
will make a new vampire out of you
It's that quality unleaded, only one calorie,
polyunsaturated blood
that riboflavin flavored, non-carbonated,
polyunsaturated blood
Drac enjoyed my brew without a hitch
now he's one of those that would rather fight than
switch
if you're biting mre necks enjoying it less
try my new non-carbonated best
My riboflavin flavored, non-carbonated,
polyunsaturated blood
-her riboflavin flavored, non-carbonated,
polyunsaturated blood-
