When the moon arises on the western sky  
and the vampires are out on the sly  
at times they have trouble finding necks to bite  
that's why I cook up in my roon tonight...  
My riboflavin flavored, non-carbonated,  
polyunsaturated blood  
(her riboflavin flavored, non-carbonated,  
polyunsaturated blood)  
Drac came to me one night at 12  
and said the blood bank had no blood on the shelf  
I exclaimed 'don't fret!' i'll give you on fix  
of my newly regenerated mix  
I gave him riboflavin flavored, non-carbonated,  
polyunsaturated blood  
-she gave him riboflavin flavored, non-carbonated,  
polyunsaturated  
blood-

It gives you quick relief you see  
from fang aches and corpusle deficiency  
Natter! consuming my laboratory brew  
will make a new vampire out of you  
It's that quality unleaded, only one calorie,  
polyunsaturated blood  
that riboflavin flavored, non-carbonated,  
polyunsaturated blood  
Drac enjoyed my brew without a hitch  
now he's one of those that would rather fight than  
switch  
if you're biting mre necks enjoying it less  
try my new non-carbonated best  
My riboflavin flavored, non-carbonated,  
polyunsaturated blood  
-her riboflavin flavored, non-carbonated,  
polyunsaturated blood-
