Dead like a piece of old wax,
non existing and all burned out/ thrown away and
broken/ unwanted and unloved/
It's takes all things to be like wax, useless and
unwanted/ A cruel way to end/ but its essential to the
way of life/ Just like a piece of wax/ molded and
harden, lit and extinguished with a blow/ Nothing but
wax.Existing for the benefit of being blown out/ melt
me down. / Existing for the benefit of being blown out/
blown out /make the mistake. blown out
Bent and lame/ How unfortunate for me/ I am just the
same/ A glob, a thing/
How depressing for me to see someone as a piece of
wax/ nothing left, no feeling/ waiting to die, twisted
and melted... look into the flame/ Waiting to die twisted
and melted/ look into the flame, melt me down, make
the mistake.
Dead, like a piece of old wax, Non-existing and all
burned out, Extinguish my life, melt the wax, No
warmth, no light, no innocence, Hey, it's my life, melt
the wax, no flame, no light, no reflection, Waiting to
die, just old wax... just old wax
