I'm looking for the sun at the back of your eyes  
A long long song but there's no surprise  
I'm hanging in the warmth of your natural smile  
Scream for daylight from out of the grey

Everything changes  
Open the curtains through a different day

Don't go pushing the sunset down  
Come back it's a beautiful day  
Seen the corner of my eye  
Could have been a miracle

I'm dancing with the spirit and falling over  
Change the past, well you never know  
I'm looking for a world where the future shines  
Looking for the day when your heart turns round

Everything changes  
You're out on the road under a different sky

Don't go pushing the sunset down  
Come back it's a beautiful day  
Seen the corner of my eye  
Could have been a miracle

Don't go pushing the sunset down  
Come back, remember this day  
It's just the two of us standing on the sharp edge  
looking for the runway

Just so far away  
Give it to me  
Carried away  
Carried alone  
I'll take you back home

Don't go pushing the sunset down  
Come back it's a beautiful day  
Seen the corner of my eye  
Could have been a miracle

Don't go pushing the sunset down  
Come back, remember this day  
It's just the two of us standing on the sharp edge  
looking at the runway
