(Dedicated to everyone who has "moved on" from and "grown out" of hardcore.

Unfortunately this song is not about one person in particular.

There's nothing wrong with growing up but does renouncing your past and belittling what I still hold dear make it easier for you?  
(Good luck with your new life)

Anywhere but here  
Anytime but now  
Anyone but you  
I don't want to make assumptions but if I have to then I will  
You never really cared  
You were never really there  
What it once meant  
Still means a lot to me  
With or without you I still dare to breathe  
And after the fall  
Somehow above it all  
But I still dare to breathe  
The more things change  
The more I stay the same  
As the world unravels  
I remain .. And the band played on... I remain
