You always knew just how to bury your sins, beneath
my skin
i am the fevered words, you wished you'd never said
i am the saddest song that haunts you, in your sleep
i am the thought that wakes you from, your sweetest
dreams

Tonight I'll walk these halls, Studying the cracks in the
walls
To die internally, To die eternally

The death of all that i dreamed,
shaken from your sweetest dream

From deaths grasp, i shall rise,
and will rise, one last time

No one dies, no one dies alone,
i'll send these chills, straight through your bones.
i am not, anyone you know, ghost from your past,
here to seize your soul

when the tears top the laughter, its time to go home,
and here i am the greatest lie, you ever told
i am the incision that leaves behind, the deepest scar
i am your heart, when your head says walk away

Tonight I'll walk these halls, Studying the cracks in the
walls
To die eternally, To die eternally

No one dies, no one dies alone, i'll send these chills,
straight through your bones.
i am not, anyone you know, ghost from your past,
here to seize your soul

The death of all that i dreamed,
shaken from your sweetest dream
