

Most Precious Blood

"Gaze"

Shifting in the wind
Passing of the cold
Another winter's gone
And I'm hollow

The comfort bringing light
Streaming through my eyes
It couldn't touch the sides
The shadow, I follow

I only see those days
The memory as it plays
You stepped into my gaze
Like you were born to be there
A daydream coming true
The scent of someone new
My sky forever blue

A season of new life
The countless millions playing out their lives
Once slept on it's side
For a moment, unbroken

I only see those days
The memory as it plays
You stepped into my gaze
Like you were born to sing it
A promise coming true
In a tearful, tender June
My sky forever blue

Get the sunlight off my face
Let the ground suck back flowers
I can't change the shattered state
Of my heart

I only see those days
The memory as it plays
You stepped into my gaze
Like you were born to say it
The scent of someone new

The end of me and you
My sky forever blue
