Point me at the sky, let this love die  
Call my name now, call my soul, now  
No more pain, no more tears  
Lift me up, now; into golden sun, into golden sun  
Bathing in the haze, Bathing in the haze  
Into golden sky, Into golden sky

When was it ever a dream, When was it ever a dream  
When was it ever, it's over  
When was it ever a dream  
When was it ever a dream  
Was it ever, it's over;  
This love is over

(Counterpoint)

I never thought that these dark clouds would pass over  
me  
Now it's all over

Point me at the sky, let this love die  
No more pain, no more tears, now  
Lift me up, show me the sky  
Into golden sun, into golden sun  
Bathing in the haze, Bathing in the haze

Into golden sky, Into golden sky  
When was it ever a dream  
When was it ever a dream  
When was it ever, it's over  
When was it ever a dream  
When was it ever a dream  
When was it ever, it's over  
This love is over

(Counterpoint)

I never thought that these dark clouds would pass over  
me  
Now it's all over end
