I waited all my life  
To ride the Western sky  
As the storm clouds thicken  
East of the Sun  
Screaming through the forest  
Digging in the soil

I don't wanna see her die  
I just wanna walk by her side  
Arm in arm we're gonna fly  
Through blazing summer rain

The world is falling apart  
It cuts me deep inside  
As the storm bells shatter  
As she spits as the Sun  
Tearing through the sky  
Deafening the Earth

I don't wanna see her die  
I just wanna walk by her side  
Arm in arm we're gonna fly  
Through blazing summer rain

And the solitude is killing my heart  
So I need to feel that I'm still alive

I don't wanna see her die  
I just wanna walk by her side  
Arm in arm we're gonna fly  
Through blazing summer rain

Can you see the rain?  
Here it comes again  
Oh Lord I love her

I can feel the rain  
Here it comes again  
I'm losing control and she's pulling me in

Come inside the rain

Here it comes again  
Oh Lord I love her
