Hey man. Do you see that?

What?

Isn't that Lys Assia?

Yeahâ€¦

Hey Lys what it do?

It's the New Jack crew

Hello, how's the flow?

We brave, but we want some more

(More, more, more, more)

We need love, we need love

To show the world

What's freedom

(What's freedom)

We all have of our ups and downs

All our dreams will not come true

Some we love and some we lose

And it all depends on you

And it's all in your head

Everything's in your mind

All in your head

So listen to what you find

Listen to your heart and you will see

That it's all in your head

(all in your head)

Listen to your heart

And anything you want you can get

All of earth's about to hear

We are as young as we can feel

Growing old is misconstrued
It's about our attitude

Oh, from the bottom
You got it all, oh yeah you got 'em
I worked hard with my crew
to reach the top, no problem

We make some progress,
It's gonna bring us closer to success

Everything is up to you
And it's all in your head
(all in your head)
Everything's in your mind
All in your head
So listen and you will find

You can do what you want
You can be what you like
If you're checking what's in your head tonight
Time for flipping the switch
And for turning the key
Time to open
and set you free

All in your head
(All in your head)
And anything that you want
You can get

It's all in your head
All in your head
I know you like it
I know you want it

It's all in your head
So listen and you will find
(Just close your eyes)

You can do what you want
You can be what you like
If you're checking what's in your head tonight
Time for flipping the switch
And for turning the key

Time to open
and set you free

All in your head
And anything that you want
You can get
Yeah!
