chorus: girl just give me one chance...
I'll prove to you that i can change...
girl just give me one chance...
I'll prove to you that i can be a better man...

verse1: i wish that i could have another chance...
cause so many times i left you out in the rain...
i didn't care how u felt inside...
i left you there to cry so many times...
but now i know what i did was wrong...
i messed up and now i'm all alone...
i wish that i could've treated u better...
and maybe we could've stayed together...
i made my mistakes oh yes i know...
i'm sorry babe please come back home...
just give me one more chance... ohh...

chorus: girl just give me one chance...
I'll prove to you that i can change...
girl just give me one chance...
I'll prove to you that i can be a better man...
girl just give me one chance...
I'll prove to you that i can change...
girl just give me one chance...
I'll prove to you that i can be a better man...

verse2: i know that i can be a better man...
if you could just give me that one more chance...
just give me that one more try...
just give me one more night...
to prove to you... that i would do...
anything... because you mean everything... to me...
and i know that i acted like such a fool...
towards you... but i can prove to you...
that i can change... i will change my whole life...
just for you... just for you...

chorus: girl just give me one chance...
I'll prove to you that i can change...
girl just give me one chance...
I'll prove to you that i can be a better man...
girl just give me one chance...

I'll prove to you that i can change...
girl just give me one chance...
I'll prove to you that i can be a better man...
