(4:16)

The little girl standing in the rain  
on the corner of 42nd street  
and she's all alone on the bad side of town  
cause there was a little boy  
that she loved with all her heart  
but he's far away with another girl  
now she's searching for a friend  
just to hold her when she cries

in her lonely nights, lonely nights  
where no one seems to care  
in her lonely nights, lonely nights  
you better beware

but baby you try and you try  
but it seems that it doesn't work  
cause love is a game that they play  
so baby hold on to your heart  
when they tell you that they care  
yeah now that you know that the winner  
takes what he wants  
but she's searching for a friend  
just hold her when she cries

in her lonely nights, lonely nights  
where no one seems to care  
in her lonely nights, lonely nights  
you better beware

and somewhere in the night  
there's a little cry  
a girl who says  
hey I wanna die  
there's no one here who cares  
but if there's someone here who understands  
just someone here who'll try to lend a hand  
and bring her home tonight, tonight

in her lonely nights, etc...
