Do you still feel the nails  
In your hands on that day  
Do you still hear them shout  
Crusify the lamb of God  
Do you still forgive those  
Who crusified you  
On that cross  
Did you hear your mother cry for you  
As they nailed you to the cross  
And the blood from yours came down  
Upon the world  
Though the crowd heard your cry  
They saw you die  
On that cross you died for our sins  
Do you still feel the hate  
That day you carried up your cross  
Do you still forgive us all  
For the sins that we have caused  
On that cross upon that day  
You died for all our sins  
Did you hear your father cry for you  
As they nailed you to the cross  
Did you see the faces of your people crying out your  
name  
Upon the cross you hung along  
Away from the world  
On that cross on that day  
You died to save us all
