i wrote him letters  
hoping that he might respond  
i wrote him prayers  
hoping they'll be answered  
i wrote a song for him  
explaining my deep thought  
words on papers might not be the answer  
thoughts on my mind  
might not work for you  
i pray for you and on your journey  
i wrote him letters  
explaining my own love  
i wrote a song  
wrote for poem for healing  
i said a scripture  
from the good book of god  
i wrote you letters  
letters that were sent by god  
and delivered by men  
said 'i love you'  
did i mean those words  
said 'i'll never leave your side'  
could i be under a trans  
yes i wrote you letters  
explaining my own love  
yes i wrote you letters  
explaining my true love
