And He hung so long upon that cross  
But no one every cared  
And the blood He spilt upon that cross  
Washed away my sins  
And thought I try to understand the cause  
Its more than I can take  
Upon that cross  
Christ died for us  
and rose the next two days

And He hung so long upon that cross  
But no one every saw  
And the tears that fell upon that cross  
Washed away my sins  
And thought I try to understand the cause  
Its more than I can bare  
Upon that cross  
Christ died for us  
His passion lives once more

And though I try to understand the cause  
Its more than I can take  
And thought I try to go back to that day  
When He was hung upon that cross  
And no one every cared to see  
Upon that cross He died for us  
And saved the whole nation

And He hung so long upon that cross  
But no one every cared  
And the blood He spilt upon that cross  
Washed away my sins  
Thought I try to understand the cause  
Its more than I can take  
Upon that cross Chrsit died for us  
And saved the nations
