dont smoke those cigarettes  
they make you cough  
i heard you read the signs  
and they pissed you off  
control those nicotine patches  
keep up with times  
dont smoke those cigarettes  
because there mine  
pay to die  
pay to die  
pay to die  
pay to die  
worn in worn out of those shit clothes  
they can not take  
all the smoke that your producing  
its cancer bait  
i told you never to leave me  
but you turned away  
you smoked those cigarettes  
now its too late  
pay to die  
pay to die  
pay to die  
pay to die
