smack nose bleeds only come on mondays  
the hangover comes early tuesdays  
your pipe cracks in two over use on wednesday  
cos i have told you not to loss weight  
baby,dont drop my baby  
dont kill my baby  
cos your my baby  
you might be the dirt when you think your in the sky  
the downer is the thing that comes after the high  
your the only one who can stop this addiction  
your spaced out mind it is science fiction  
baby,dont drop my baby  
dont kill my baby  
cos your my baby  
smack nose bleeds  
smack nose bleeds  
smack nose bleeds  
smack nose bleeds  
baby,youve dropped my baby  
youve killed my baby  
your not my baby
