it's time for me to get away from here  
just thought you oughta know the end is near  
did you honestly think it would've worked at all  
cuz evrything i've seen has only made me fall  
there ain't much i can do now that i've seen the truth  
there ain't much i can do now they've made me into  
one of you

REPENT

for the kingdom of oblivion is at hand

REGRET

not a thing for all's as it was planned

REJECT

false gods false hopes and false ideals

RESET

push the button game over no more time to steal

feed me more

fill me more

lie to me before you leave me here to rot

know just what yr doing

can't believe i was the culprit all along

and i'll come looking for you when you least expect it

the punchline of it all is the fate of which i inherit

you need

we fight

you bleed

we die

they win

the game begins again

this time

we're lost

inside

media holocaust

it burns

you yearn

to feel the touch

of yr gun.
